

# NEWS AND RELEASES FROM BOUDREAUX CELLARS

March 2007

Dear Friends,

Thank you all for your support in 2006! Wonderful things are happening for us here at the winery. The grape harvest in 2006 was just excellent on the heels of the fabulous 2005 crush. We now have 160 barrels of very exciting wines from those two years in our cellar. The 2004 Cabernet Sauvignon, the 2004 Merlot, and the 2005 Chardonnay are bottled and ready for your enjoyment at this time. These are big wines. Please see the offering below and let us know your wine buying pleasure.

Briefly, let me bring you up to speed on our happenings. The 2003 Cabernet Sauvignon sold out quickly after winning the top honor at the Seattle Wine Awards and at the Wine Press Northwest Fab Cab tasting. The Northwest's most renowned restaurant, The Herb Farm, served 70 cases of this wine with their amazing food. Canlis, Campagne, Earth and Ocean, Ray's Boathouse and many other restaurants helped us get this fine wine to your palate. We were featured in the June 2006 issue of Seattle Magazine. Paul Gregutt of the Seattle Times listed our 2003 Reserve Cabernet Sauvignon (\$80/bottle and sold out in five days) as one of Washington's finest wines. We have recently been chosen as one of the featured wines for the Tiny Titans Seminar at Taste Washington on April 14, 2007. Last but not least, check out the April 1 issue of Seattle Magazine. They were here with lots of lights and cameras last week. Something big is brewing.....We will begin to distribute wine in New York and Louisiana this year although our focus is on the local Washington wine market. Watch for our new website this spring complete with video streams and blogs. We are still open by appointment only. Bon temps!!!!

## WINES NOW RELEASING
